

2019-01-18 firstname.lastname@csulb.edu

This is a phishing attempt first reported to CSULB ITS on **January 18, 2019**.

From: +12390987801@vm.rc.com <vm_new-voicemailcenterattached-listen.sharepoint+ <austin@theodeonrestaurant.com>
Sent: Wednesday, January 16, 2019 5:12 AM
To: Barbara McClinton <Barbara.Mcclinton@csulb.edu>
Subject: barbara.mcclinton@csulb.edu

Summary

The fraudulent email requests recipients to click on a link to access a supposed voicemail they have received within their email. The link goes to a fraudulent Microsoft login page, which has now been blocked.

Intent of the Email

This is an attempt to acquire personal account credentials.
