

2014-11-20 Hello

This is a phishing attempt first reported to CSULB ITS on **November 20, 2014**.

Email Detail

From: A. A. Canino [mailto:aacanone@gmail.com]

Sent: Thursday, November 20, 2014 12:27 PM

Subject: Hello

Summary

Email informs recipient that the sender has uploaded a secured document for them to access by clicking on a link. The link goes to a fraudulent site acting like a Dropbox page where you are to enter your email account username and password. Microsoft Internet Explorer has identified the site as unsafe, but other browsers may not have done so yet.

Intent of the Email

The sender is attempting to collect email account login information for their own malicious purposes.
