

WiFi Expansion & Improvement Multi-Year Project - Pending Waitlist

Pending Waitlist

The following list identifies areas on campus that are waiting for upgrades of telecommunications cabling and replacement or installation of additional wireless access points (WAPs). This is a multi-year project, so progress is based on future funding.

This list will continue to be updated as scheduling may change and as work is completed.

*Areas with an asterisk received new WAPs (hardware) where WAPs may have already existed.

(Tip: to find a specific building, in most browsers you can use the "find" feature by simultaneously pressing Ctrl+F and typing in the building name. You can click the table column headings to sort in alphabetical or numerical order.)
