

2014-11-13 Password will expire in 4 days

This is a phishing attempt first reported to CSULB ITS on **November 13, 2014**.

Email Detail

From: Dotson, Roland D. [mailto:roland.dotson@udc.edu]

Sent: Thursday, November 13, 2014 12:52 PM

Subject: Password will expire in 4 days

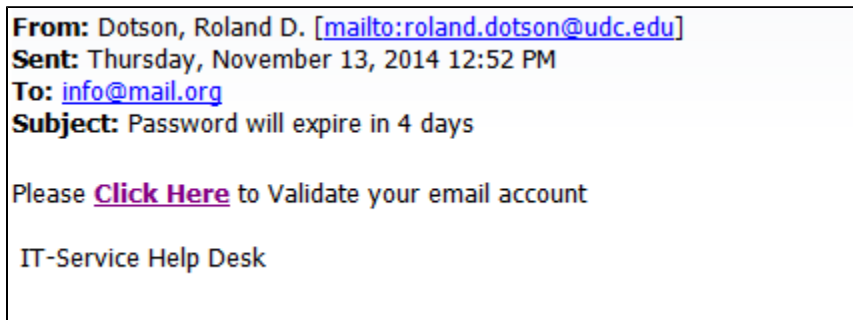

Summary

Email instructs recipient to click on a link to validate their email account. The link no longer goes to a fraudulent login page, as it may have been intercepted by the website host company. The "Click Here" link currently redirects to a foreign company webpage.

Intent of the Email

The sender was likely attempting to collect email account login information for their own malicious purposes.
